Memo

I made enquiries about the profits of the Complainants - The Mill is worked thrice a day, at the rate of 6 coodoos of oil seed, at a time - The oil extracted for 12 coodoos is 3 measures a day - The price of 12 coodoos is 9 Rs and the price of 3 measures of oil at Rs 38 is Rs 10 8. The gross income is Rs 45 a month, exclusive of oil cakes -

The expenses are as follows -

	Rs
Wages of 2 men at 5 Rs a month	10
Interest on capital and hire for importing oil seed &c	10
Fodder for bullocks, &c	5
Total Rs	25

The balance is Rs 20, which is a clear profit per month - And to this, the value of oil cakes at the rate of 8 annas a day - There is therefore no reason for reducing the rate of Mohatarfa -

Recd 30th May

The Dy Commr Bangalore Dist

Sir,

A representation having been made to Govt that the rates of Mahanga Oil mill tax adopted in Kengeri are excessive and unauthorised, I am directed to request that you will submit at your early date a schedule of the rates which are in force there and the principles for selecting these out of the three ~~Schedules~~ ~~Acts~~ of rates contd in the Schedule (printed at page 119 of the Revenue Manual) - Kengeri is not a "Town" (vide Commrs Circ: no 1068-9 dt 9th July 1864 printed at page 124 of the manual) - It is not the Head Quarters of a Taluk It follows therefore that it is a "village" & that the scale of rates to be adopted is #15 #8 #6 & #5 according to classification - It is understood that oil mills are usually classed as follows for applying these rates to them :-

Revenue Manual p 1886.

For Stone Mills #8 #6 #4 & #3 for bullock Mills

1st class of worked by 2 bullocks
2d " " 1 "
3d " " Horse power
4th " " Other means

If somehow the course adopted in Kenyon is different from this, a full explanation and justification is desired -

Thank you

Subject

The Dy Comr's proposal is in accordance with the Sanctioned rate for oil mills in other parts of the District while above the rate sanctioned for Kengeri is only 8 Rs. & it will be 15 Rs & it will be 15 Rs as proposed in this letter, the circumstances of Kengeri mills being such that the Dy Comr's proposal does not appear to be unduly high.

Sir,

Referring to your letter No 3550/76 of 30th May/92 requesting me to submit a schedule of rates which are in force in Kengeri for oil mills, I have the honor to state that at the time when the schedule of rates was introduced, Kengeri was a cusba being the Head Quarters of a Taluk, and that stone mills worked by 2 bullocks were taxed at the rate of Rs 20. But when Kengeri ceased to be a cusba, the lower rate of

15 Rs was not introduced: the higher rate for cusbas has all along been charged. I see no objection to the lower rate being adopted.

2. I beg to enclose a statement shewing the present and proposed rates of tax as called for in the above.
